

Renegade Ribs POWER AND STYLE

Luxury RIBs from 7 metres to 10 metres and bespoke tenders for superyachts

Renegade 720

HAND BUILT IN THE UK

The Renegade 720 is an extremely versatile craft, equally at home cruising around secluded bays or just relaxing at anchor on the full size bow sun pad. The comfortable seating and cavernous locker space make it ideal for longer trips or family days out with plenty of space for picnics and watersports gear.

Where ever you go you can be assured of attention because of the stunning looks and sleek styling of the 720.

Renegade Ribs provide a superb dry ride with excellent handling and comfort. The sleek hull enables maximum performance with smaller engine configurations, optimising fuel efficiency whilst maintaining exhilarating speeds in comfort.

The hull design for the renegade 720 represents our philosophy to produce designs that are very efficient and practical yet offering excellent performance making the most of modern outboard and inboard engines

The Old Coachworks, Salisbury Road, Palestine, Nr Andover, Hants SP11 7EQ.
